1. Safety

- 1.1** All shooting activities must be carried out in accordance with the SAHFTA rules.
- 1.2** Any air rifle is allowed as long as it complies with current national legislation for airguns and has a power output less than 16,3J (12 ft/lbs). The power output can be checked by random or compulsory chronograph test at any time before, during or after the competition. (For 2018/2019 season 14 ft/lbs will be allowed in the springer class) (high power airguns less than 20ft/lbs, are allowed to partake, but cannot score for provincial or national leagues.
- 1.3** Each course must have safe place for checking and adjusting airguns - The ZERO RANGE. It is necessary to register and sign safety declaration form before entering the Zero range. Using the Zero range is allowed only for the shooters competing. It should be large enough based on the number of shooters.
- 1.4** No airguns may be handled during a cease fire at the zero range as per rule 1.6
- 1.5** All shooters must self-familiarization with the OAC & SAHFTA rules and attend a safety briefing at each event to be held immediately before the session they are shooting in.
- 1.6** When a single blast of a whistle is heard all shooting must immediately stop. Shooters must discharge their rifles into the ground, away from the target, at a safe distance and angle. Each group of shooters will confirm their airguns are save by signaling with their hand. Targets must NOT be sighted or the gun shouldered during a cease fire.
- 1.7** After hearing two blasts of the whistle, firing may re-commence after you have visually checked it is safe to do so.
- 1.8** Rifles must be cased or carried with the muzzle pointing down at all times when not in use, this includes rifles carried on a sling.
- 1.9** Do not cock your rifle until you are ready to take shot.
- 1.10** No gun should be cocked or loaded between lanes. Multi-shot rifle must have the magazine removed, and be in a visibly safe condition. Every member of a group should ensure theirs & their shooting partner's activities are carried out in a safe manner.
- 1.11** NEVER rest the rifle muzzle on your foot.
- 1.12** When getting down or up from any position, always be aware of where your rifle muzzle is pointing, it should remain pointing down or down-range at all times, ask your shooting partner for their assistance in handing, or taking, your rifle from you if you find it difficult getting up or down safely.
- 1.13** No rifle may at any time be pointed in the direction of people or animals.

- 1.14** No alcohol, substance with a narcotic effect or substance on the prohibited list of the World Anti-Doping Agency may be consumed before or during a day's competition until the last shot has been fired.
- 1.15** All Juniors (under 18 years old) must be under the direct supervision by their parent/guardian on the day.
- 1.16** In the case of any dispute, the Chief Marshal can be called, and their decision is final.
- 1.17** If you are approached by a marshal for any reason i.e. shooting technique or safety please do as they have asked as remember they are there to make sure the course is shot safely and fairly.

2. The course and scoring

- 2.1** Each registered shooter will receive a scorecard which shall be completed with details and of equipment for event (Name, Surname, Manufacturer and type of Rifle, Manufacturer and type of Scope, Magnification, Backlight and Parallax used for the event, Manufacturer, type and size of Pellets)
- 2.2** Once the first shot has been taken, NO adjustments may be made, in any way, to the rifle, stock or scope.
- 2.3** The courses always have category Open, and then can be divided into subcategories:
 - 2.3.1** Springer
 - 2.3.2** Ladies
 - 2.3.3** Veteran (age 60+, at the day of the course)
 - 2.3.4** Junior (age under 18, at the day of the course)
 - 2.3.5** U/13 Juniors (Allowed take all shots of rests therefore not able to qualify for national colours)
 - 2.3.6** Team (max. 6 shooters, top 4 of them will count into team's results)
 - 2.3.7** High power (Rifles up to what the hosting club allows therefore not able to qualify for national colours)
- 2.4** The scoring will be 2 points for a knockdown, 1 point for faceplate hit and 0 for a miss of the target. The target MUST fall to earn a maximum 2 points.
- 2.5** Under no circumstances may a target be shot at more than once by a shooter, nor are any practice shots of any kind allowed during the course of a competition.

- 2.6** Regardless of any circumstances such as forgetting to load a pellet, not shutting the loading bolt or if the trigger is pull before you are locked on target, if the intent was there to fire at the target and the gun went off (air released or not) the shot is considered as having been taken and will be scored accordingly. If this does happen, the competitor should make sure the pellet has left the gun by dry firing safely into the ground over the firing line with the consent of their shooting partners.
- 2.7** When a target has been downed the shooter must gain confirmation of the knockdown from a fellow group member before the target is reset.
- 2.8** Only a member of your shooting group is permitted to record your scores on your scorecard. Under no circumstance is a shooter allowed to score his/her own scorecard. If an error is entered on any scorecard the shooting partner who made the mistake must seek a marshal who will amend this error for you & sign the back of the card.
- 2.9** Upon completion of the course one of your shooting partners should sign your scorecard, this is to signify that they have checked the card & agree with its scoring, the shooter should always check that their scorecard is correctly filled in & signed before handing it in as they are the ones who will be penalised for any irregularities.
- 2.10** Shoot off will always take place in the event if a tie for 1st to 3rd place in all classes in the Open Class. The targets used will be 1x15-20mm, 1x25-30mm and 1x35-40mm hit zone target (each target being placed within the standard ranges for that hit zone size). Each person will shoot all three targets from the kneeling position, if any competitors are still tied they will then shoot the targets in the standing position. If after this no winner is established then there will be sudden death shoot off. If a large number of shooters are tied for a placing, the organisers may decide to use a count back to decide other placing's.

3. Shooting positions

3.1 In general

- 3.1.1** Sitting shots ARE NOT ALLOWED, this is defined as the shooters backside being in contact with the ground, or sitting on your foot folded under your bum as the shot is taken.
- 3.1.2** Crouching shots ARE NOT ALLOWED, this is defined as two feet on the ground with the upper part of the legs being supported by the calves or foot area.
- 3.1.3** The peg must be touched by some part of the body/rifle as the shot is taken. Moving any of the course fixtures is not allowed, these include the firing line, shooting pegs or any supports (Bails/tires/structures), anyone found doing so will be disqualified from the competition.

- 3.1.4 The trigger finger must be behind the peg when the shot is taken.
- 3.1.5 The rifle butt must be outside your clothing when taking a shot & ARE NOT ALLOWED to be supported by any straps/pockets etc.
- 3.1.6 NO advantages are allowed for the Juniors during kneeling or standing position with the exception of U/13 participants making use of bi-pods or rest.
- 3.1.7 Each 30 target course will contain a min. of 3 unsupported standing and 3 unsupported kneeling positions. In the event of a 40 targets the course will contain a min. of 4 unsupported standing and 4 unsupported kneeling positions.

3.2 Prone

The only part of the rifle allowed to touch the ground when taking a shot from the prone position is the bottom edge of the butt pad, if any part of the rifle stock extends below this bottom edge then the rifle must not be grounded at all during a prone shot.

3.3 Unsupported Kneeling

- 3.3.1 The kneeling position is defined as only 3 points of contact with the ground (2 feet & 1 knee).
- 3.3.2 The rear foot shall be upright and straight in line with the knee, sitting on a turned foot ARE NOT ALLOWED, but 'laces down' is acceptable.
- 3.3.3 A bean bag may be used to support the knee, shin or foot area only, not the buttock.
- 3.3.4 The rifle will be supported only by the two hands with the rifle butt in the shoulder, no other part of the body can be used to support the rifle nor can the hands be supported on any other part of the body.
- 3.3.5 The hands cannot be dropped to allow the wrist joint, arm or any other part of the body to support the rifle. The leading hand should also be forward of the knee, to illustrate this the supporting hand should be dropped down vertically (90 degrees to the forearm), if it contacts with any part of the knee/leg the supporting hand is deemed too far back & therefore not forward of the knee.
- 3.3.6 The un-supported kneeling/standing shot will be clearly designated, no other forms of support are allowed for this shot (peg/tree etc).
- 3.3.7 The leading leg cannot be pulled back so the calf is supported by the hamstrings or lower buttocks, this is classed as a crouching shot & ARE NOT ALLOWED.

3.4 Unsupported Standing

- 3.4.1 Only your feet may be in contact with the ground.

3.4.2 The un-supported standing only shot will be designated by a 10cm (4") tall peg, no other forms of support are allowed for this shot (peg/tree).

3.5 Supported Kneeling / Standing

3.5.1 The above rules apply with the exception that any part of the rifle or body may be resting on the supporting tree/object. If a number of supporting objects are available, some part of the rifle or body must be touching the support marked with the peg number as the shot is taken. In addition to touching the numbered support you may also make use of any other supporting objects.

3.6 There will be no 'impossible' of the peg shots. All peg shots must be accessible out to the right and out to the left of the peg for left handed and right handed competitors, remember juniors are also shooting these courses - so common sense should prevail here.

4. Timing

4.1 The given time limit per lane are 4 minutes (1 min setup, 1 min per target) max, this time starts when you approach the peg.

4.2 Under normal circumstances a shooter is not timed but if any group is causing a hold up or the session is taking too long due to slow shooters then we reserve the right to time individuals or groups of shooters.

4.3 Shooters may be timed by a marshal without their knowledge to ascertain if they are in fact taking too long to shoot but they will not be deducted any points at this time.

4.4 Once the decision is made to officially time any shooter or group of shooters they will be informed by the marshal that they will be timed, they will be told when the clock is started and they then have two minutes to shoot the target.

4.5 If a competition is stopped during the timing the clock will be paused and 10 seconds grace given upon restart of shooting before the clock is re-started.

5. Equipment

5.1 Fore-end depth is limited to a maximum of 150mm, this is measured from the center of the barrel to the lowest part of the rifle forward of the pistol grip.

5.2 FT style butt hooks ARE NOT ALLOWED, although the paddle style of butt pad is allowed.

5.3 The paddles of the butt pad must not exceed 57mm (2.25") in length.

5.4 When standing or kneeling, no part of the rifle may be in contact with the ground.

- 5.5 When taking a prone shot the only part of the rifle which may be touching the ground is the bottom edge of the butt pad, no other device, stock or butt pad extension may rest on the ground.
- 5.6 Windicators of any type ARE NOT ALLOWED. The competitors are allowed to use only the nature objects found on the course to measure wind, such as dry leaves, grass, dust etc. Artificial meanings of wind measurement (hunters white powder, tapes of any kind etc.) are prohibited on the course.
- 5.7 Scope levels ARE NOT ALLOWED and must be removed or taped up before you start the course.
- 5.8 A standard rifle sling is allowed to be fitted to the stock/rifle, but only as a means to carry the rifle between lanes. Slings ARE NOT ALLOWED to be used as a shooting aid.
- 5.9 No device may be added or designed into a stock/rifle to specifically support the stock/rifle on the peg or tree. this includes brackets, ledges, spikes, straps etc.
- 5.10 The objective and ocular aperture of the scope must be left as it was manufactured. It cannot be reduced in any way. Flip up scope caps must always be in an open position when taking a shot and any holes in the caps taped up while shooting the course.
- 5.11 Anyone found carrying out any adjustments whatsoever to a scope once the first shot has been taken, will be expelled from the competition.
- 5.12 Lasers ARE NOT ALLOWED and should be removed from the rifle.
- 5.13 Use of any Range or angle finding equipment ARE NOT ALLOWED at any time anywhere near the course and is prohibited for everyone on the course (including visitors).
- 5.14 Cell phones or walkie-talkie devices ARE NOT ALLOWED and are prohibited on the course.
- 5.15 Beanbags may be carried to place guns on between lanes and may be used for kneeling shots as specified above in rule 3.3.3.

6. Shooting range

6.1 Minimal diameter of the peg is 25mm. Minimal dimensions of the square peg is 25x25mm.

6.2 Targets

6.2.1 Metal silhouette “fall when hit”.

6.2.2 Faceplate must be finished in light color (white, yellow).

6.2.3 Hit-zone (HZ) must be finished in dark color (black, red, dark grey).

6.2.4 Faceplate for the un-supported kneeling / standing positions must extend at least 20mm from the edge of the hit-zone in all directions.

6.2.5 Faceplate for other positions must extend at least 10mm from the edge of the hit zones in all directions.

6.3 Visitors and spectators are allowed and welcome on the course during the competition.

6.4 Visiting the course BEFORE competition start is PERMITTED and encouraged for shooters and visitors. (Not allowed over the shooting line).

6.5 The course will consist of at least 30 targets (include forced positions) with one firing point (peg) for maximum of 3 targets.

6.6 All firing points and targets must be clearly marked numbers from 1 to max. amount of targets.

6.7 Distances for different diameters of HZ:

6.7.1 HZ 15-19mm 12-23m

6.7.2 HZ 20-24mm 7-27m

6.7.3 HZ 25-34mm 7-37m

6.7.4 HZ 35-40mm 7-42

6.8 Un-supported standing shots:

6.8.1 HZ 35-40mm 18-32m

6.8.2 Angle of shooting must be under +30 / -30 degrees.

6.9 Un-supported kneeling shots:

6.9.1 HZ 35-40mm 18-32m

6.9.2 Angle of shooting must be under +30 / -30 degrees.

6.9.3 Kneeling shots are allowed to be shot standing.

6.10 Supported standing shots:

6.10.1 HZ 25-34mm 7-27m

6.10.2 HZ 35-40mm 7-37m

6.11 Supported kneeling shots:

6.11.1 HZ 25mm 7-27m

6.11.2 HZ 35-40mm 7-37m
